

# 2008-2009 Rotary Scholars

ROTARY  VIEW

APRIL 20, 2009

The ROTARY CLUB OF TUPELO recognizes the finest academicians the Tupelo Public School District has to offer. During the past several years we've honored more than 1,200 ROTARY SCHOLARS, young men and women in grades 7-12.

The Rotary Scholars program is another measure of the importance our community places on public education, and earning the honor is an indication of the importance of academics to the students.

## Selection criteria for the Rotary Scholars program:

**1.** The top 30 students (and ties) from each class in grades 7-12 will be recognized.

**2.** The grade point average through the third 9-week period for the 2008-2009 school year will be the criterion for selection. To determine the GPA, the first semester grade will be averaged twice and the third 9-weeks grade will be included once. Only grades for the 2007-2008 school year will be used to determine Rotary Scholars.

**3.** The list of students to be recognized is provided to Rotary Club officials by the counseling staffs of Tupelo Middle and High Schools.

The Rotary Club of Tupelo has no part in the selection process.
