TODAY'S SONG

R-O-T-A-R-Y

R - O - T - A - R - Y, that spells Rotary.
R - O - T - A - R - Y, is known on land and sea;
From North to South, from East to West,
he profits most who serves the best;
R - O - T - A - R - Y, that spells Rotary.

The Rotary Club of Tupelo heard last week from Bill Jamieson, left, District Engineer for the Mississippi Department of Transportation. Jamieson updated the club on various road projects and priorities. Shown with Jamieson is this quarter's program chair, Rick Faucette.

WORTH REPEATING

"It has been the way of Rotary to focus thought upon matters in which members are in agreement, rather than upon matters in which they are in disagreement."

ROTARY NEWS

RI President D.K. Lee: Let's Make Dreams Real

Continued from last week
If we look for new Rotarians only among our friends and family, we may not be able to find enough qualified new members. But if we reach out to community leaders who are of a different profession, or a different generation, we will find many potential Rotarians.

It is natural to want to invite people into our clubs who are like ourselves, but that limits the diversity and talent of each club. We must welcome younger members to our clubs, or we will have not

only lost an important source of energy and expertise but also failed in our duty to our organization to train the next generation of club presidents, district governors, and senior RI leaders.

Remember: Membership is the responsibility of each of us. Every one of us has an obligation to keep Rotary strong, active, and growing. If we hope to Make Dreams Real for the world's children in a meaningful and lasting way, we must ensure a new generation of Rotarians to continue our work.
